Director's Notes

I would like to thank Mike Trapp for the opportunity to begin this new venture for the RRCA. I would also like to thank the cast for their willingness to give of their time. Anyone who has ever done any theatre knows it is a great time commitment. We are all here because of the common bond of the love of theatre. But beyond that, there is also the desire to create something of beauty. Theatre is an art form – performance art. We are artists creating a moment in time, and we are so glad to be able to share it with you. I would also like to thank you, the audience member for giving of your time to be able to share this moment with you. But mostly, I would like to thank my husband, because without his support, this would not have been possible.
