

# River Raisin Dance Academy

Education – Experience – Excitement - Excellence

## October News

- *Second Installment Due:* October 16<sup>th</sup>. If you marked the automatic charge on your enrollment form, the office will process your payment during that week.
- All students must wear street clothes over their dancewear outside the studio buildings.
- We will be closed on Tuesday, October 31 for Halloween.
- The Benesh A/B lobby has been rearranged to allow better flow. We ask that all lobby areas be used respectfully. No rough play, cartwheels, or loud talking is allowed. Students entering class should line up near the door of the studio. A calm lobby environment will help students focus and perform at their best. Thank you for your cooperation.

Idita-Quest! Champion and Educator Tasha Stielstra (owns Nature's Kennel in Michigan's beautiful U.P. where they share their home with over 150 canine athletes) shares this interactive presentation about her adventures. In 2016, for the first time in history, a sled dog kennel from the lower 48 states has run both of the world's toughest, longest sled dog races. Of course, a few of the 4-legged team members will be in attendance too!
